

## 1 Number of results on WoS and their field structure (2016 - 2019)

### 1a) Number of results in journals and proceedings

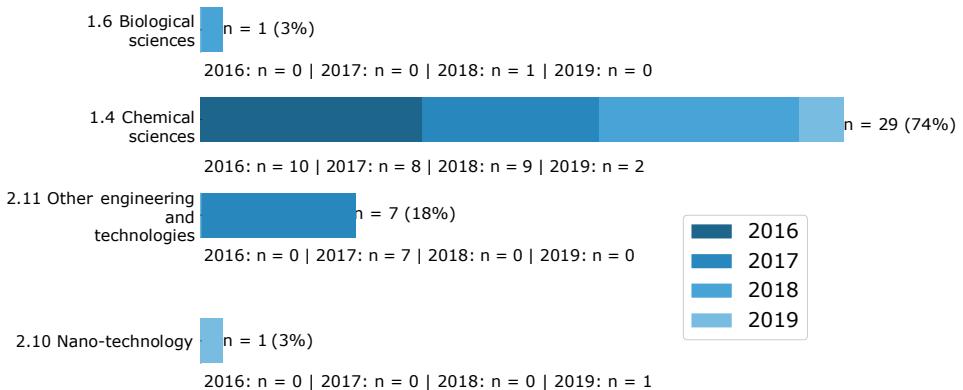

## 1b) Field structure of papers in journals

### Institute of Biophysics, CAS (2016 - 2019, WoS)

### 1c) Field structure of papers in proceedings

#### Institute of Biophysics, CAS (2016 - 2019, WoS)

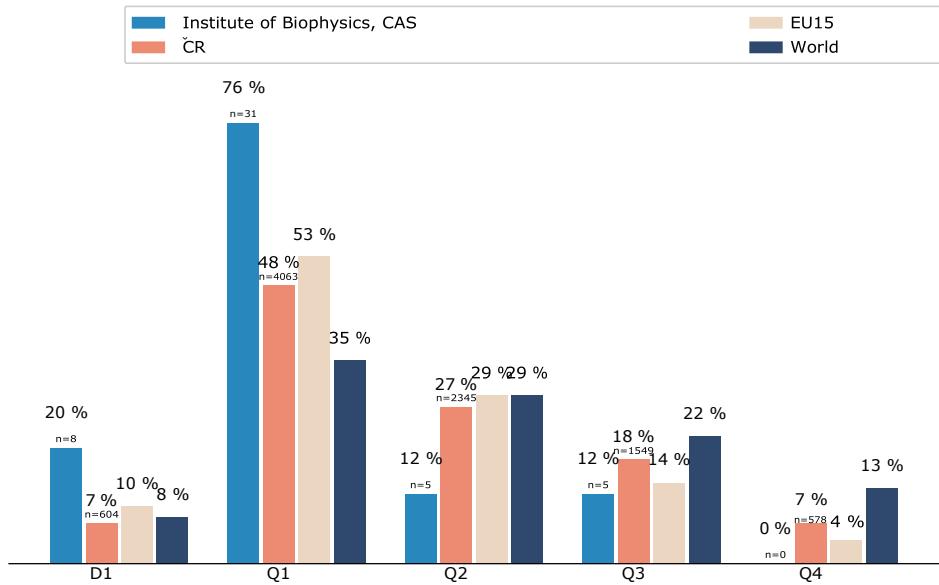

## **2 International and national comparison of papers according to the distribution in the first decile and in quartiles (2016 – 2019)**

Journals in FORD fields are listed according to AIS and each journal is attributed to top decile or some of quartiles. Papers of the research organizations are divided into decile or quartiles according to the journal where they were published. Distributions are compared with EU15, world and national distributions.

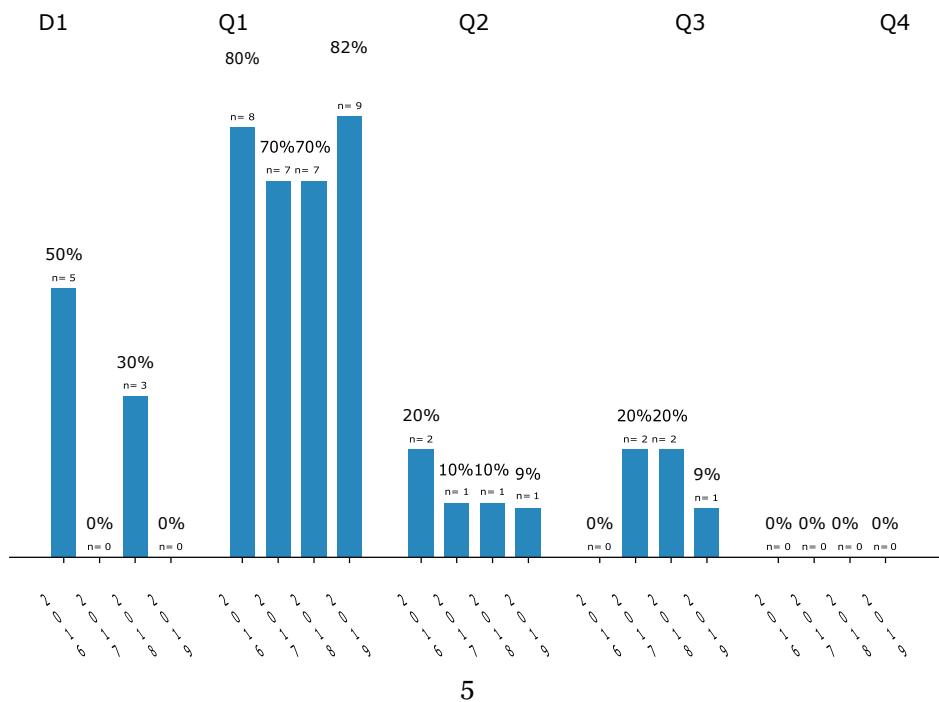

## 2a) International and national field comparison

1.3 Physical sciences and astronomy – Institute of Biophysics, CAS (2016 - 2019, WoS)

## 2b) Profiles of the field in individual years

1.3 Physical sciences and astronomy – Institute of Biophysics, CAS. (2016 - 2019, WoS)

**2c) Fractions of results created in international collaboration, in large collaborations (30+) and with own corresponding authors (reprint authors) from the research organization (RO) in comparison to national levels**

**1.3 Physical sciences and astronomy – Institute of Biophysics, CAS (2016 - 2019, WoS)**

International Collaboration Research Organization	Decile	Q1	Q2	Q3	Q4	Total
75%	74%	40%	60%	0%	68%
